The following steps will describe how to UN-INSTALL the FTWI software.

UN-REGISTERING THE DLLS

1. Go to the location from where FTWI was installed.

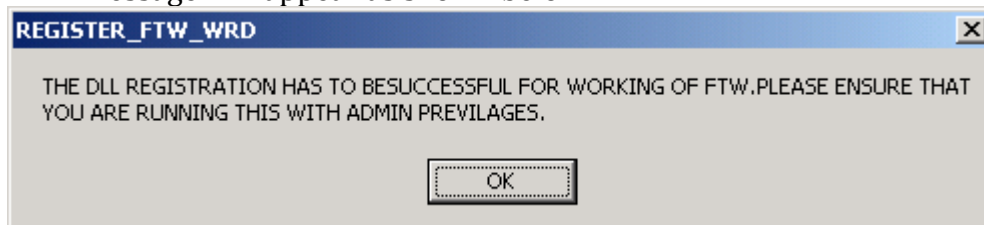

2. Select **REG_UNREG_FTWI_WRD_DLL.EXE** and right click on it and select "**Run As…**" option and enter the name and password of the user with ADMINSTRATOR PREVILAGES and click on "**OK**" Button.

3. Next in "**REGISTER / UN-REGISTER**" window select the option "**UN-REGISTER**" and then click on "**UN-REGISTER**" button.
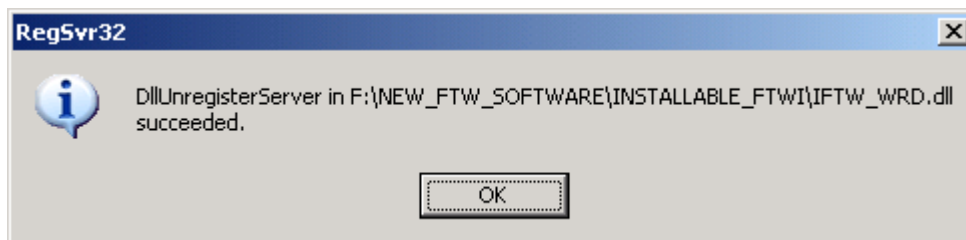

4. A message will appear as shown below

Click on "**OK**" button to dismiss the message.

5. Next you will get 2 conformation messages as shown below

Click on "**OK**" button to dismiss these messages. Now we have successfully unregistered the DLL's.
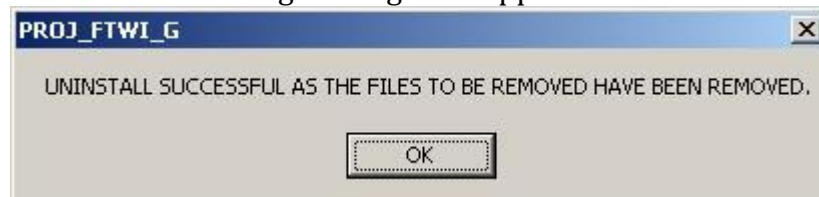

REMOVING THE ADD-INS

Go to the location from where FTWI was installed.
1. Double click on "**INST_uninst_FTWI_G.exe**"
2. In the "**INSTALL / UN-INSTALL**" window select the option "**UN-INSTALL**". Next select the option "**I ACCEPT THE TERM**" and then click on "**UN-INSTALL**" button.

On success following message will appear

--END--
